450 Shelving System

Shelve 351-9181

Table Rack 167-4876

An adaptable and strong shelving system consisting of just two components, shelves and posts.

- Stable and strong, shelves support up to 120kg
- Shelves can be positioned in any of the 72 locations on the posts

- Simple and efficient assembly using just one screw and bracket per corner
- Full galvanised steel construction. No need for unsightly cross-bracing
- Can be extended side by side or at right angles
- Stop rim prevents the bins from falling when pulled out
- Convenient handles on bins make carrying easy

Galvanised Shelving

NB, Tools not included

Quick assembly shelving unit suitable for storage use in a range of locations including the office, home, garage workshop or garden shed. Assembly is fast and simple with the use of a slot and pin locking mechanism that eliminates the need for nuts & bolts. The complete unit can be assembled in a matter of minutes, requiring only the use of a hammer

- Strong 9mm fibreboard shelves
- Height adjustable
- Can be assembled for as a 5 single shelf unit or two workbench module
- Weight loading per shelf up to 150Kgs (evenly distributed)
- Bright galvanised corrosion resistant finish
- Available in different colours

Dimensions:

- Full height shelving (LxWxH): 800x300x1500mm
- Bench assembly (LxWxH): 1600x300x750mm

Steel Storage Cabinets

250 Series

137-3325

137-3326

167-4860

A professional range of cabinets constructed from high quality enameled steel with impact resistant, durable polypropylene drawers. The cabinets are 250mm deep with three different drawer sizes, which can be sub-divided using partitions or inserts.

- Full steel body, spot welded and enamel painted
- Stop rim ensures drawers do not fall out
- Drawers can be subdivided into smaller compartments using dividers or inserts (available separately)
- Labels protected with grime-resistant plastic (available separately)
- Rubber feet provide scratch protection and a firm standing
- Free standing or wall mountable

RAACOSTAT

RAACOSTAT is a range of products that provide 100% protection against static electricity, ensuring efficient, antistatic protection for sensitive equipment.

- Products constructed of special plastic containing carbon fibres, making the product permanently anti-static, which will not diminish over time or through intensive use.
- All stationary products are supplied with earth leads
- Fulfills all EN 61340-5-1 standards
- Surface resistance : 10 (4) -10 ohms

A comprehensive range of 6 assorter boxes offering excellent mobility and well arranged storage options. Made in highly durable polypropylene with a strong polycarbonate lid, each box is designed to work with a system of high quality removable inserts. A wealth of practical features is built into each box ensuring they meet and surpass the rigours and demands of the professional marketplace.

- Double wall construction
- Fully integrated lock and handle mechanism
- Combined "shut & lock" system - One hand operation
- State of the art ID Tag system and cover plate built into the lid to facilitate branding
- O-Profile ridges in lid keeps contents in place
- Robust & ergonomic handle
- Feet incorporated in base to enable stacking
- Stabilizers in back wall for standing in upright position
- Changeable ID Tag for colour coding
- Removable inserts for individual configuration and accessibility of contents

Acrylic Storage Boxes

Three sizes of clear hinged boxes for general storage applications, ideal for use as samples boxes for small electronic components (non-static sensitive), or for general storage applications. The boxes are small and lightweight, making them suitable for use in a Sales/Service Engineer's case.

Two-piece hinged acrylic shell construction with a positive action snap-shut lock.

Atomik wheeled Pro Toolcase

New, technologically advanced, injection moulded, high thickness Polypropylene tool case on wheels, fitted so that the travelling position is with horizontal case. This type of material, makes the case extremely resistant against chemical corrosion, shock, high and low temperature. The injection technique, ensures constant material thickness, even in the corners. Large and thick aluminium trim, makes the case ideal for daily, heavy duty use. The case can accommodate up to 3 tool pallets.

- 2 metal lid safety support stays
- 2 metal locks with keys
- 3 metal hinges for maximum strength
- ergonomic handle, rubber coated grip
- address label
- telescopic handle

700 products added online every week

See our pick of the hottest products and latest technologies in 'What's New?' at www.farnell.co.uk

Thousands more products from our extended range

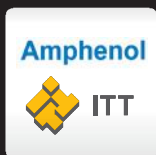

Take advantage of Farnell's global network
and access an additional 200,000 products

Products direct from our US warehouse

- ▶ Over 110,000 products with associated technical datasheets
- ▶ No minimum order sizes
- ▶ Delivered in just 3 working days

Over 30,000 MIL SPEC connectors

- ▶ Easily source thousands of high-quality connectors from ITT Cannon and Amphenol
- ▶ Uniquely assembled and delivered in just 5 working days
- ▶ Full attribute data and technical datasheets

If you design in these brands, we've got it covered!

- ▶ Additional products from high performance analog, logic, microcontroller and DSP components to capacitors, resistors, filters and inductors - browse the ranges online
- ▶ All available on an accurate manufacturer lead-time

We've got products covered;
visit **www.farnell.com** for fast, efficient
ordering from just one source.
